Serial Nos. 187

Part B for ~~April~~ July 1901.

SUBJECT.

Rules for regulating the rights of Inamdars & the Govt. Toddy contractors to Toddy Trees on Inami Lands.

Gr 7 To The Excise Commr in Mysore
Deputy Commr ~~Mysore~~

No 10063-4 Dt 19-6-1901.
Rev Dt 223-92

Your direct that Amildars taken by Deputy Comm to collect the marginally noted dues from each Inami & the proceeds reported at an early date.

WD 1888—GPB—16,926—23-7-21

Note

L.A. 12-87. The holders of some Inam villages have right to toddy revenue in their villages. When the abkary ~~[illegible]~~ was under ~~Govt~~ the direct or Amany Management of Govt, the Govt officers sold the toddy in Inam villages also but paid the receipts to the Inamdars. Where the Inamdars had no toddy trees in their villages, toddy was supplied by Govt to Inamdars at prime cost & the Inamdars were allowed to sell the toddy & take the profits.—

See Dy Commrs memo.—
Dy Commrs judgment in case of the Sirdar of Malkhed [illegible] Taluq ~~[illegible]~~ Toddy Contractor. [illegible]

2. When the Govt farmed out their toddy revenue, the contractors were left to settle their terms with the Inamdars & where there was a dispute the Dy Commissioner settled it, or allowed the Inamdars to ~~settle~~ sell toddy in their own Villages. The latter system was however found inconvenient & the Chief Commr ruled in 1873 that Inamdars should in no case be allowed to sell toddy in their Villages, & directed the Dt officers "to assume management of the collections of Sayer & Abkary revenue in Inam & Rayamegutta Villages in which the collections have been hitherto been made by the holders."— He at the same time promised the Inamdars to pay them "the amount realized minus the cost of collection so long as the said dues are collected by Govt".—

Vide G O 8th Octr 1873

Not Surety by private Contract

3. Subsequent to 1873; the Abkary contractors appear to have settled their terms with the Iuanos, but where they were not able to come to terms, the Chief Commr directed them to pay to the Iuanos the average receipts derived by them (Iuros) during the preceding 5 years.— Vide Chief Commrs Prs. dated 30th August 1881 Nos 4533/193.—

4. Matters went on smoothly under the abr arrangements, but a question has now arisen whether the contractors are bound to pay anything to the Iuanos when they (Contractors) do draw & sell toddy in Iuan Villages.— The present abkary contractor whose lease expires on 1st April 1890, refuses to draw toddy & sell

in certain Inam Villages & contends that he is not bound to pay any thing to the Inamdars.—

5. The determination of the Question now raised depends upon the terms of our Contract with the abkary renter.— In the Contract there is only one clause which speaks of the Contractor's obligations in regard to Inam Villages & it runs as follows:—

"No interference shall be made by the lessee with the rights as already ascertained & defined of the holders of Sarva = Inam & Kayamgutteya Villages who are authorized by Canada Law to exercise such rights within the limits of their Villages. Disputes regarding such rights & the amount of Compensation due to the Inamdars as Toddy Revenue will be decided by the Dy Commissioner

of the District & the
Lessee shall be bound
by such decision which
shall be subject however
to the confirmation or
otherwise of the Dewan."

6. Now the Contractor
argues "I have not drawn
toddy from the trees of
Inamdars, I have not sold
toddy in their Villages,
& I have not in any
way interfered with their
rights & I am not therefore
bound to pay any thing
to the Inamdars."

On the other hand
the Inamdars say
"Govt & you have
prohibited us from
selling our toddy in our
Villages, you promised
to manage the revenue
for us & pay us the
proceeds minus cost,
& if you or your contractor
do not chose to sell
toddy in our Villages
it is not our fault —
you must pay us
the amount which

A-A-12-87

we should have
got [illegible] if you had
fulfilled your promise
& sold the toddy".—

6. So far as the
Contention of the Inamdars
goes, it appears to me
to be just & proper—
Either the Govt or
the Contractor must
pay them the average
receipts they derived
in the previous years,
& the only question that
regards consideration
is, whether under the
terms of the Contract,
we can compel the
Contractor to make
the payment to the
Inamdars,—

7. The Contract to be
literally interpreted
is in favor of the
Contractor's contention
but interpreting it
in connection with the
previous history, &
the power taken by
Govt to determine the
amount payable by the
Contractor to the Inamdars
in Cases of dispute,

I think that the intention of the Contract was that the Iwandus should sell toddy in the Iwaun villages also & pay the Iwandus the profits derived in those villages Inness cost or such other amount as may be determined upon by the Dy Commissioner or agreed to by the Iwaun. If such was not the intention of the Contract I ask why did the Contract vest the power of determining the amount payable to Iwandus in the Dy Comm.r? The Contractor says that the Iwandus demanded unreasonable sums — If so, the remedy was in her own hands. She might have asked the Dy Comm.r to settle a fair amount — It is clear that he was prevented from selling toddy in Iwaun Villages with a view of selling

Contractor's

compelling the Indians to agree to ~~favorable~~ terms favorable to himself, or to evade payments to Indians altogether & without entailing any loss upon himself as he could & did establish shops in localities adjacent to Indian villages & thus divert all the profits which have to go to Indians to himself.— The Contractor knew well, that Indians had no power to sell to any in their Villages, that if he did not sell it for them they must suffer.— The predecessor of the present contractor to whom the contract was granted on the same terms on which the present contract was granted never no such difficulties & there is no reason why the present contractor should have refused to

do as the previous contractors did.—

8. It is argued that the Inundus had the right to prevent the Contractor from drawing & selling wood in their Valleys, & so the Contractor must have the corresponding right to sell it, or not.— I do not think that the contention is valid. If the Inds prevent the Contractor, no body suffers except the Inds, but if the Contractor refuses, he gains & the Inundus suffer.— The object of the clause in the Contract is to protect the interests of the Inundus & the only protection which the Contractor needed was against any exhorbitant demand the Inundus might make, & that was granted.—

d. 1.12-87

Q. I think that it was clearly the duty

of the Contractor
to leave it to pay
in Inam Villages; &
as he failed to do it,
he must pay to Govt
the average proceeds
of the previous years.
The contention of the Contractor
is more technical than
just.—

9. + Whether the Inamdars
are entitled at all to
any payment irrespective
of the action of the Contractor
is a doctrinal question.
The Inam Comr declared that
the Inamdars under notice
are entitled to pay
Revenue, but before
deciding on the point, I
should like to see the
original Awards, the
Inam Registers, & the
Sale deeds granted by
the Inam Comr.—

10.— For the future,
we must try to leave
no room for any
misunderstanding in
the matter.— We must
either settle once for all
~~the villages entitled to~~
~~pay Revenue, & the~~
~~amounts they to be paid~~
the amounts which

+ 9½. If it is admitted
true that the decree
by the Contractors
believe, as it is said
he did, that they
need not make any
payment if they
did not sell toddy
in Inam Villages
then there is no alternative
but that the Govt should
pay the Inamdars — but
there is nothing to show
that he did convey
any such assurance
though he endeavoured
to lay down as the
rule for the future.

the owners are ~~entitled~~ entitled to receive, or shall specify in the contract & make them payable in a Govt Treasury leaving it to the contractor to sell his wood ~~in any~~ any where he pleases, or we must shall specify in the contract that the Contractor is bound to sell wood in Seven Villages or pay the Owners such sums as might be agreed by them or determined by the Dr Comrs, — Of course we can make Cash payments to the Owners and in the event of their agreeing to allow the use of their wood trees to the Contractor & not to fell the trees without the consent of Govt. I prefer the Cash payments. —

H In connection with the subject, there is one point more which I might mention for the consideration of the

that of the Lands to sell, he must be held responsible for the amount payable to the Inamdars, unless he has been prevented by the Ryots themselves from selling or over wood. If there are no wood trees in the village, we must say the Ryots have no right to wood revenue. —

Delivered. Cannot see
in future lease out
our abbey Revenue by
Taluqs instead of by D.ts!
Ther would then more
competition into the field
~~of Bids~~ as men of
moderate means with
local Knowledge would
be enabled to compete
& look after the interests
of Revenue. The argument
brought forward against
such a measure is that
it would increase
drunkenness, but I
do not believe that it
would. — It would only
prevent illicit consumption.
At any rate, the Toddy
may be leased out
separately by Taluqs —
Toddy is a much more
wholesome drink than arrack,
but I also feel quite certain
of the advisability of separating the
Toddy & arrack. — The
matter requires more consideration. —

Note

as to his right to collect the Toddy Revenue of the villages and his obligation to pay the Inamdar for such right. He actually acquired the right when he obtained the Government Contract, and it is his own fault if he omitted in any particular instance to exercise it. By such omission, he cannot claim exemption from payment due to the Inamdar. He might as well refuse to pay the Government a part of its Toddy Revenue on the ground that he did not choose to exercise it in a part of the District. The Inamdar is prevented from realizing his Toddy Revenue; the Government has undertaken to realize it for him: the Contractor receives from Government the right to realize the

A-12-87

Toddy Revenue in the entire District, on the understanding that he pays to Government a certain fixed amount and to the Inamdars certain sums regulated in proportion to such amount, and in doubtful cases by the decision of Govt Officers. He has accepted the contract and signed the bond with full knowledge of the rules which define the Inamdars' right. He cannot, and of course does not plead ignorance of having acquired under the Contract the right to manage the Inamdars' Toddy Revenue, for he does exercise it in the case of many Inamdars. He apparently wishes to have the option of not exercising it in certain Inam villages. He is at

liberty

liberty to do so, but by doing so, he cannot escape from the payment to the Inamdar which he is under a distinct obligation to make.

21. The Inamdars' right to the Toddy Revenue consists of both rent for toddy trees and excise duty or in some cases only excise duty. Where the two are combined, it is of course impossible to separate them. The amount of payment due to the Inamdar must be assumed to have been fixed after taking into account the trees in the village whether the Inamdar has toddy trees or not, he is entitled to the sum fixed as Toddy Revenue in his case. If he prevents the Contractor from having

access

access to the trees or des-
-troys them, Government
will of course cancel his
Toddy Inam; but the
non-existence of Toddy trees
in his village or the non-use
of them by the Contractor
or the non-establishment of
Toddy shops within the
village are no grounds
on which the Contractor
can refuse to pay the
Inamdar his Toddy
Revenue. The Contractor's
dodge of not selling
within the Inam village
but just outside it, shows
that he has been unwilling
to forego the Toddy Revenue
derivable in respect of
the Inam village.

22. Under such circumstances the
decision of the Government
in the appeal cases now
before it is shewn in the
last Column of the State-
-ment appended to this.

Memo.

A.Q. 12-87

The principal point for determination is, whether, under the terms of the present contract, the Government Toddy Renter is, in cases in which he had abstained from drawing or selling toddy in Inam Villages, exonerated from all liability to the Inamdars, in respect of the Toddy Revenue secured to them by their Sanads -

2. The Notification of 4th January 188 contains the terms of the lease. Under Clause VIII (a) the lessee is allowed the use of the date trees growing only on Government waste land for the extraction of toddy - As regards Inam Villages and occupied assessed lands, he is required to arrange, with the Inamdars and ryots for drawing toddy from trees belonging to them, on such terms as may be mutually agreed upon - The Contractor merely took the law of Government as regards the right of collecting and selling the toddy of Sircar trees, and he was, therefore, en-

terfere with the rights professed by
aundars; the Deputy Commissioner being
powered to decide disputes, if any,
ith regard to such rights.

There is nothing in the conditions
the Contract rendering it obligatory
the part of the lessee to draw or sell
ddy in Duan Villages at the mere
uest of the Duandars. The Duandars
ay or may not allow the Government
ntractor to draw toddy from their
es, and it is equally optional with the
ntractor to accept or decline any offer
proposal made to him by the Duan-
ars, for drawing toddy from trees
uated in the Duan Villages. Para
ph 4 of the Dewan's Proceedings, No
59-78, Dated 2nd December 1879, support
s in this view.

When the Contract system was
troduced the right which Government
ways retained, to the monopoly of
e disposal of the toddy, was conceded
the Contractor with certain restrictions
d reservations. Date trees on Patta and
ain lands were treated as the property
the land owners, and such trees were
tually excluded from the contract.
e was interdicted from meddling

with such trees without the previous consent of the Tuners. He was not compelled by us to do, for the Tuandars, what the Government did heretofore under the Tuari system; and, in the absence of a special contract between the Tuandars and himself, he incurred no special liability. But if he unauthorizedly or illegally interfered with the Tuandars' rights, the Deputy Commissioner was competent to enquire into the matter and to award compensation. A mere refusal to accept the offer or proposal made by an Tuandar would not confer a right to claim compensation from the Contractor. That a former Contractor drew toddy from certain Tuari Villages and made payments to the Tuandars, is no ground for insisting on the present Contractor doing the same. Without proof of a separate and independent contract in each case or of any interference on the part of the Contractor with the Tuandars' rights, there cannot be a legal and valid award for compensation under Clause V.

5. It is true that Tuandars are not permitted to draw and sell toddy in their Villages except through the Government Contractor. This is the

law which has been in force since many years and the law was intended to protect the interests of Government and to prevent injury to the Government monopoly. At the same time the Duanmdars are allowed to draw toddy from their trees for domestic purposes or for the manufacture of Jaggery, and to otherwise use the trees. There has admittedly been no interference with the enjoyment of such rights, and I therefore fail to see on what ground the Contractor can be held liable.

5. It is said that, before the contract system was introduced and when Government itself managed the Abkari Revenue, the toddy revenue was paid to the Duandars, deducting a certain per centage on account of the cost of collection, but this has nothing to do with the present Contractor's liability. Under the Duani system the Government made arrangements for drawing toddy from all trees, Government as well as Duan; but, under the contract system, there was a reservation of the right with regard to the Duan trees. The Duandars have therefore no hold on the Contractor in the absence of a special agreement.

7. There is however one point which may be urged in favour of the Guardians. If, prior to the date of the present lease, shops were shops in some of the Guam Villages and toddy was sold therein, and if, subsequent to the date of the current lease, those shops or any of them were closed and the sale of toddy was stopped, such act, on the part of the Contractor, may be regarded as an interference with the rights of the Guardians. It is laid down in Condition II, that no alteration shall be made by the Contractor in the locality or number of the retail shops already opened for sale of toddy without the express sanction of the Deputy Commissioner. The Contractor was bound to maintain, for the benefit of the Guardians, the shops that already existed in the Guam Villages, and if he closed any of them or caused the Deputy Commissioner to do so, it seems to me that, in such cases, the Guardians concerned have a just ground for complaint and a fair claim for compensation as against the Contractor.

8. But if no alteration was made, subsequent to the date of contract, either in the locality or number of the

retail shops to the prejudice of the Muandars, there is no cause of action against the Contractor.

9. If, under the present Contract system the Muandars have not been able to induce the lessee to draw or sell toddy in the Muan Villages and have thereby sustained a loss of their toddy revenue, they must look to Government for compensation, on the ground that proper arrangements have not been made to secure to them their toddy revenue.

10. It must be assumed that the toddy drawn from the Government trees alone is, at present, more than sufficient to meet the demand; and, if so, it is neither just nor equitable to compel the Contractor to go to the Muan Villages and to procure toddy which could not be sold.

11. If, at the time the tenders were invited, the date trees in Muan Villages were not excluded, and it was clearly intimated, that the successful bidder would be required to draw and sell toddy in Muan Villages, and to pay certain sums to the Muandars, the contract amount would, most probably, have been less than what

has been guaranteed - No such intimation has been given and the lessee having obtained the lease on the express understanding that he was under no obligation to make any payments to the Inamdar if he abstained from drawing or selling toddy in their Villages, he cannot now be held responsible for the loss, if any sustained by the Inamdars.

12. However the Drinking Population of the Inam Villages had recourse to the shops established in Government Villages and as, by excluding the Inam Villages from the contract, the revenue derived by Government was much larger than it would have been if no such exclusion were made, the increase or excess may fairly be regarded as representing the Inamdar's share of the toddy revenue and the present claim for compensation satisfied by Government

3. In future contracts it would be well to include all Inam Villages & to fix the Amounts payable to the Inamdars with reference to the average receipts of 5 years preceding the date of the present contract - In Inam Villages in which there are no date groves or shops already established no compensation can, I think, be

~~villages~~:

14. ... the Inam Villages in which there are date groves they should be properly demarcated and strictly conserved.

15. I would not increase the number of retail shops by establishing additional ones in Inam Villages, as such a step would stimulate consumption, in order to increase the revenue, and defeat the object of Government which is to obtain the largest possible revenue on the smallest consumption of toddy.

I would only continue in Inam Villages the same number of shops that existed on the date of the present contract.

The following cases relating to Shanbhag Toddy are pending orders:-

Case No. I

Present

Mr. Desraj Urs thro' his Agent Papanna by Mr E. Soobroyer Advocate

vs

A. Q. 12-67.

Messrs. R. C. Muddajoppa & Co. Toddy Contractors, Mysore District.

Amount claimed as compensation for Toddy Revenue of the Shanbhag Villages, Bagala, Jennoor, Doddahalli in the Chamarajnagar Taluq and Hosakote in the Nanjangud Taluq at the rate of Rs 123-6 per mensem from 1st April 1887 to 31st March 1889 is Rs 1476-6-0 per annum or Rs 295-2-12-0 for two years

Amount awarded by the Dy Commr is Rupees - - - - 1537-2-0.

For 1887/88 For the three villages of the Chamarajnagar Taluq at the same rate as that paid by the former Contractors Rs 117-15-6 which is the rate claimed - -

For 1888/89 -- For these three villages -

For 1887/8 and 1888/89 Hosakote in the Nanjangud Taluk at Rs 5-1-0 per mensem Or Rs 60-12-0 per annum 121-8-0

1537-2-0

Thus the amount disallowed is Rs 1415-10-0 being the Revenue of the three villages in the Chamarajnagar Taluq for 1888/89 The reasons assigned by the Dy Commr for disallowing this Sum is that the Toddy groves in these villages were not tapped by the Contractors if

the

the Iramdars trees were tapped this year it was after the Contractors had distinctly given up having anything to do with the Iramdars' rights, so that it can only form Subject for civil action against the individuals who unauthorizedly interfered with them:

The chief grounds of appeal:—

The right of Iramdars to toddy reverence having been recognized and the Govt having taken away the power of Iramdars to sell toddy and having granted the lease of toddy to the Contractors on the Condition of his complying with all the conditions the Govt had imposed on previous Contractors the Contractor is bound to pay the Iramdars the amount they have been receiving from previous Contractors

The Contractor has evaded payment to the Iramdar by opening no shops in the Iram Villages but has derived all the benefit of selling toddy just at the confines of such Villages

The order of the Dy Collector is opposed to the Inam Regs of 1888 according to which the Iramdars should

Should continue to receive the amount they have hitherto received until the rules on the Subject are altered.

The lower Court has failed to allow such amounts as the appellant would be entitled to in proportion to the increase in the aggregate amount of the Contractors Contract with the Govt with regard to the Villages whose claims were allowed.

Swatha Narayan Sastry Kayem Thadar Haknur Village in Tirumakudlu Narsipur Taluq

Messrs R.C. Muddappa & Co Govt Toddy Contractors Mysore District

on account of the Toddy Revenue of the village from 1st April 1887 to 31st March 89 at Rs 13. 14. 12 per annum 333. 4[illegible]

His claim was entirely disallowed by the D.C. in the first instance though the village is entered in the list of villages forwarded by the Inam Superintendent as the Summd of the village was not produced and as the Inam Register contained the following remark:

"all Government rights to Abkary and Sayer are reserved".

The Inam Supt having subsequently interpreted this remark as not referring to Toddy and stated that the item of Toddy revenue in the Village has not been reserved to the State as it has been in the enjoyment of the holder for a long time the Dy Commr is disposed to allow a sum of Rs 10-6-9 to the Inamdar to be paid by the Contractor as the latter exercised the right of the former and drew toddy only during the month of April 1867. This amount represents the rent for date trees for the month.

The Inamdar's claim to Toddy Revenue being thus admitted, his only grievance will be that he gets less than the amount claimed: and this case becomes similar to case No 7.

(4) Rough Draft 32

A. A. 12-87.

2 parties in the above cases were heard
two Members of H.H. the Maharaja's Council

The chief point for determination is whether
under the Todd Revenue under these
grants can claim from the Todd Contractor
amount of the Todd Revenue of their
villages, whether or not the Contractor
has exercised the Mamdani rights, that is
(or not)
whether he has drawn or sold

The Todgy advertisements & notices for

(15 May 1879)
1st April 1875 to ~~31 March 1880~~
and 16 May 1879 to 31 March 1885
contained the following provision on the subject -

"Lease of Todgy in Mamdar &c. Villages will be taken for the same period and on the same conditions as those of the Govt Contract at proportionate rates."

13 This was rather loosely worded but the meaning of it was quite clear to both Govt & the Contractor and the latter executed his Bonds in the same terms -

2

L.R. 12-87.

14 In Subsequent Govt advertisements, those for 1st April 84 31 March 85 & for 1st April 85 ~~& 31 March 86~~, ~~& for 1st April 87 & 31 March 90, & improved working as adopted. the~~ the same agents arrangements were expressed in somewhat different words, with provision for decision by Dist Court in case of dispute. The words used were as follows:-

No interference shall be made by the Lessee with the rights as already ascertained & defined of the holders of Jodi, Sarvamanian & Kheyampatta villages who are authorized by the Jammabandi &c. to exercise such rights within the limits of their villages. Disputes regarding such right will be decided by the Dist Court of N. Arcot & the Lessee shall be bound by such decision, which shall be subject however to the Govt or otherwise, be appealed to the Ch. Court (or Board)

the Same words have been ~~used~~
used, with additional proviso
provision regarding disposal
~~of disputes~~ by "Dely Comrs. of ~~Pay~~

Maundrell's Tods rights in the Mysore Dts.

19 Decr 1889 I recorded a long order recognising the ~~Maundrell's liability~~ & Contractors liability to pay Maundrell according to Manool that with proportionate increase

Muddappa who then appeared before me promised to settle amicably with Every Maundrell & I accepted the order in abeyance -

6 march 90 - As Muddappa failed to fulfil his promise I directed the issue of the order

6 march 1890 The order issued & the extent to which they were the Dep Comrs deciding based upon the opinion that the Contractor need pay fees when he exercised the ~~Tadee~~ Maundrell Tods rights & directed certain immediate payments by Contractor to Govt. Further investigation was at same time ordered to ascertain what the Manool are & were - This investigation is incomplete

It is not necessary to pursue it further, as the Tasks system has been changed, except to the extent of adjusting old claims. Those claims remain to adjust themselves owing to the insolvency of the Govt. Contractors —

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 2nd December 1887.

READ THE FOLLOWING PAPERS:—

Letter from the Deputy Commissioner of the Mysore District, Nos. 214, 235 and 339, dated 27th June, 4th July and 13th August 1887, respectively.

A.a. 12-87.

CAMP NO. 1969—78, DATED MYSORE, 2ND DECEMBER 1887.

ORDER THEREON.—Holders of certain whole inam villages enjoy by their sannads a right to the toddy or "Shendi" revenue, and the manner in which this right is to be enforced as against the Government toddy contractors is laid down in Proceedings No. 4533—190, dated 30th August 1881, and in para V of the conditions attached to the advertisement dated 4th January 1887, calling for tenders for the toddy contract. In the letters above read, the Deputy Commissioner of Mysore enquires whether inamdars from whose villages the Government toddy contractor has drawn no toddy are entitled to any payment on account of the toddy revenue.

2. The toddy revenue consists of two distinct items, namely:—(1) an excise duty and (2) a rent for toddy trees. The excise duty is paid for the privilege of *selling* toddy which is an excisable article under a special law. The rent is in the nature of a payment to the land-lord as the price of the produce of the trees standing on his land. It is not possible to recognize that any inamdar has any right to the excise duty unless it can be shown that the same is vested in him by the express terms of the sannad or other document issued by competent authority. But every inamdar is entitled to a rent for the use by the Government contractor of the toddy trees in his land without reference to his right to toddy revenue under his sannad.

3. The Government contractor is, however, at full liberty either to draw, or not to draw, toddy from trees in any inam village which enjoys the toddy revenue, but when for any reason he uses no trees in the village, the annual payment he is bound to make to the inamdar must in common justice be reduced by an amount representing the price of the produce of the trees.

4. The inamdar on the other hand is at liberty (when the contractor does not want the use of the trees) to manufacture molasses out of toddy, the produce of his trees. (*Vide* Section 21 of the Excise Act, 1881).

5. It may often be difficult to ascertain how much of the payment usually received by an inamdar entitled to toddy revenue would represent duty and how much rent. In the case of an inamdar who cuts and removes the toddy trees in his village, the usual payment to him on account of toddy revenue should be reduced at the discretion of the Deputy Commissioner.

6. It is only necessary to add that no inamdar entitled to the toddy revenue under sannad would have a right to a payment on account of duty unless the Government contractor sells toddy within the limits of his village. It is not possible to dispense with this limitation, for the Government contractor must have full liberty to decide where he would establish shops for sale. The recognition of an inamdar's right to revenue under an excise law is an exceptional arrangement which exists nowhere else in India. But the right has long been enjoyed in this Province, and His Highness' Government are of opinion that it should be continued. The excise law, it is true, allows of licenses for sale being granted to others than the Government contractor (see Sections 13 and 16, Excise Act); but this power is given not so as to enable private individuals to collect and themselves to enjoy an excise revenue. The legislature apparently had no such case under contemplation, and the grant of licenses to others than the Government contractor is provided merely as an additional means of recovering for Government the excise duty. Under such circumstances, no inamdar can be allowed to manage the toddy revenue of his village, though as already stated the Government through its contractor will continue to make to him an annual payment on account of such revenue. At present such payments are very irregularly made by the Government contractor, and the inamdars are in consequence subjected to great hardship, and it is therefore necessary to remedy this evil by

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 2nd December 1887.

7. The following rules on the subject are accordingly proposed to be issued for general guidance, but before issuing them, the Deputy Commissioners will be requested to submit their opinions as to whether they are suitable for the requirements of their Districts, and whether they would propose any modification of these rules:—

Proposed Rules.

I. "No inamdar shall have the right to the toddy revenue of his village, unless such right be expressly conceded to him by sannad or other document granted by competent authority and duly registered on the Government records. But an inamdar who is proved as above to be entitled to such right (hereafter called "Inamdar entitled to toddy revenue") shall receive an annual payment from the Government toddy contractor, subject to the conditions prescribed in the following sections."

II. "An inamdar entitled to the toddy revenue shall not, upon any pretence whatsoever, prevent the Government toddy contractor from selling toddy within the limits of his inam village, nor shall he, unless he resigns his right to the toddy revenue, interfere with the free use of toddy trees in his inam village by the Government toddy contractor."

III. "An inamdar entitled to the toddy revenue shall have no claim for any payment from the Government toddy contractor unless the latter sells toddy within the limits of the inam village.

IV. "The amount payable by the Government contractor to an inamdar entitled to toddy revenue shall be regulated by custom. In the case of dispute between the inamdar and the Government toddy contractor, the Deputy Commissioner of the District in which the inam village is situated shall, upon complaint from either party and after due enquiry, fix the amount payable by the Government contractor to the inamdar at the average of the income from the same source derived by the latter during the preceding 5 (or say 3) years, together with such addition or reduction as may appear reasonable with reference to increase or decrease of the current Government toddy revenue of the District or Taluk, and also subject to such reduction on account of any toddy trees removed as may appear reasonable. The Government contractor and the inamdar shall be bound by such decision, which shall be subject to the confirmation or otherwise, on appeal, of the Dewan. The amount awarded by such decision of the Deputy Commissioner or of the Dewan on appeal, together with interest and costs, if any, which may be awarded, shall be recoverable from the Government contractor in accordance with the rules for the time being in force for the recovery of arrears of land revenue.

V. "If the Government contractor does not wish to draw toddy from the trees of the inam village of an inamdar entitled to the toddy revenue, he shall give written notice of his intention to such inamdar before the 1st April of each year, a copy of such notice being submitted immediately to the Deputy Commissioner for registry in his office. If no such notice is given, the Government contractor is liable to make the full payment specified in section."

VI. "Where such notice has been given, the inamdar shall be at liberty, during the year or years specified in the notice, to manufacture jaggory or molasses from toddy, the produce of trees in his inam village, under Section 21 of the Excise Act, 1881."

VII. "If, in pursuance of any notice given under the last preceding Section, the Government toddy contractor abstains from drawing toddy from trees of the inam village of an inamdar entitled to the toddy revenue, the payment to be made to such inamdar by the Government contractor under Section IV above, shall be reduced by an amount representing a fair rent for the trees not used by the Government contractor."

VIII. "If an inamdar entitled to the toddy revenue fells or otherwise destroys any toddy trees in his village, the annual payment to be made to him under Section IV above shall be permanently reduced by an amount which the Deputy Commissioner, upon enquiry, may consider reasonable."

IX. "There shall be maintained in the Deputy Commissioner's Office a register in the appended form showing the inamdar's rights to toddy revenue. In this register shall be recorded, from time to time, the amount of any payment as fixed under Section IV."

Order:-

The parties in the above cases were heard by two members of His Highness the Maharaja's Council on 21st June 1887.

2 The chief point for determination is whether Inamdars entitled to the Toddy Revenue under their sannads can claim to recover from the Toddy Contractor the amount of the Toddy Revenue of their villages, whether or not the Contractor has exercised the Inamdar's toddy rights, that is to say, whether or not he has drawn or sold Toddy within their villages.

3 By order of the late Chief Commissioner dated 5th October 1873, the

management.

The management of the Sayer and Abkari Revenues in Inam villages was formally ordered to be assumed by the Government, and the Inamdars were promised payment of the net Revenue realized.

These orders were intended to cancel previous orders which directed the reservation of Sayer and Abkari Revenue in Inam villages and the payment of compensation for such Revenue, either by deduction of the average amount of such Revenue from the Quit-rent, if any, payable by the Inamdar or by payment of the same to them in cash.

The

The orders of 8th October 1873 did not introduce any practical change in the manner in which the Inamdars' toddy rights used to be exercised for him, by the Government, ever since the adoption of the Contract System.

Both before and after the issue of these orders, Toddy Revenue in Inam villages was being realized by the Government Contractor, a certain fixed sum being recognized as the amount of Toddy Revenue due to the Inamdar.

This sum was originally fixed with reference to actual realizations when the Abkari was under direct Government management, and it

was

was from time to time
increased or decreased in
the proportion of the
increase or decrease of
the Government Revenue
that is to say of the amount
the Contractor paid to
the Government.

The Government
Contractor has always
paid the Inamdars,
their Toddy Revenue as-
certained as above, and the
payments have been made
by him directly to them
over and above the amount
of the Contract paid by
him to the Government.

The arrangement
above described has been
definitely laid down
in express terms by the
orders of Government
issued from time to
time during the last
20 or 30 years, and under
it the Inamdar has
always received his

due

dues which were always regulated in proportion to the amount of the Government Contract unless for any special reasons the Inamdar and Contractor were able to enter into any special terms as to payment between themselves.

In August 1881, the Government ruled that in cases of dispute between Inamdar and Contractor as to the amount payable to the former by the latter, the Deputy Commissioner should fix the same with reference to the average receipts of the past five years.

The Toddy advertisements for the Contracts, from 1st April 1875 to 15th May 1879 & from 16th May 1879 to 31st March 1881 contained the following provision on this subject:—

"Lease of Toddy in Inam villages will be

be taken for the same
"period and on the same
"condition, as those of the
"Government Contract at
"proportionate rates."

This was rather
loosely worded, but the
meaning of it was quite
clear to both Govern-
ment and the Contractor
and the latter executed
his Bond in the same
terms.

In subsequent Toda
advertisements, those
from 1st April 1881 to
31st March 1884 and
from 1st April 1884 to
31st March 1887, the same
existing arrangement
was expressed in some
what different words,
with provision for decisio
by Deputy Commissione
in case of dispute. The
words used were as follow

"No interference
"shall be made by the Lessee
"with the rights as already
"ascertained and defined
"of the [illegible]

"authorized by the Sanad
"to exercise such rights
"within the limits of their
"villages. Disputes regard
"ing such rights will be
"decided by the Deputy
"Commissioner of the
"District and the lessee
"shall be bound by such
"decision, which shall
"be subject however to
"the confirmation or
"otherwise, on appeal of
"the Chief Commissioner."

In the Toddy advertise-
ment for the period from
1st April 1887 to 31st March
1890, the same words have
been used, with additional
express provision regard-
ing disposal by Deputy
Commissioner, of disputes
regarding the amount
of Compensation due to
Inamdars as Toddy
Revenue." The orders of
1881 & subsequent years,
(above referred to) in re-
gard to disposal of disputes

were not intended to abolish the rule of proportion, but merely provided a method for the disposal of disputes which might arise.

Under such circumstances there can be no reasonable doubt as to the applicability if feasible of the rule of proportion to the cases now under consideration. But the real difficulty in these cases arises from the absence of sufficient material for the application of this rule — admittedly the Jagirdar has slept

2 – The Chief points for determination are.

1st Whether the Inamdars concerned are entitled to the toddy revenue

2dly Whether those so entitled can claim and recover from the Toddy Contractor the amount of the toddy revenue of their villages whether or not the Contractor has exercised the Inamdars toddy rights, ie to say whether or not he has drawn or sold toddy within

the limits of their villages.

3. The Subject of the Inamdars' toddy rights in all its bearings will be fully discussed in a separate order. But ~~Govern-~~ ~~ment must resolve to declare~~ ~~that~~ in the cases now in appeal ~~before~~ the Govern-ment decide that the Contractor is bound to pay Inamdars according to custom, Whether or not the Contractor has chosen to exercise the Inamdars' toddy right. The Deputy Commissioners' awards based upon the opposite view thus require modification. But what Inamdars are entitled to toddy revenue and whether the amounts claimed are the payments to which they are entitled according to "Namool" or customare matters on which further

and as to which orders will
separately issue. In the
meanwhile as the Inamdars
concerned have been kept

— Inamdars' Toddy, Mysore Dist. —

This statement has been compiled from the one submitted by the Deputy Commissioner. It should however be verified by reference to correspondence and statements received from the Amildar Inamdars and Contractors, and should be resubmitted after such verification with an explanation of any differences and doubtful points observed

2. Information is wanted upon the following points, as regards the villages named in this statement:-

(1) When the Amani system of Abkari management was abolished and the contract system adopted in the Mysore District;

(2) Who have been the successive Contractors from the very commencement and for what periods,

(3) In what years have Inamdars been paid by the Contractors

through Government, and the amount so paid to each in each year, and also the amount paid (either directly or through Government in each year of the contract system);

(4) What were each Inamdar's annual realizations from Toddy Revenue under the Amani system in force, previous to the introduction of the Contract system, and how much from Toddy groves in Inam villages and how much from sale of Toddy in such villages, where such information is forthcoming,

(5) Information upon the above points should be given as far as possible for each village and not merely for a group of Inam villages - Except, of Course, the Yellandur Jaghire.

3. The accounts and other records from which the above information is obtained should be specified.

The

The Distrct and old Division records should be most carefully searched by competent Officials. Chick Mudappa has promised to afford help. He has 7 years records which are likely enrich valuable information and should be carefully searched, a betent Official being, if necessary, to C. Mudappa for the purpose.

All Puttas executed by Inamdars to successive Contractors should be obtained from C. Mudappa, and the correspondence regarding disputes between the Contractor and Inamdars before 1870 should be examined.

4. It is doubtful whether the Inamdars mentioned in the above statement are all entitled to Toddy Revenue under their sanad. I am most doubtful whether any sanads granted to Jodidars or Kayemguttadars gave them this right, and even in the case of Swvamaniemdars, the question has to be carefully investigated

5. A lump sum grant of Rs. 200 is placed at the Mysore Deputy

Commrs

Commissioner's disposal in order to enable him to entertain additional hands for the more ready collection of information as above.

6. The information as above should be got ready & submitted by the end of May, any points on which information may not be complete by that time being reserved for a subsequent report by the Deputy Commissioner.

7. All Inamdars specified in the accompanying statement should be required by notice issued by the Deputy Commissioner to produce for purposes of the investigation into their claims, if any, to the Toddy Revenue, the originals of Muchalikas executed to them by successive Toddy Contractors ever since the Commencement of the Contract System. Muchalikas thus received, should be carefully filed and the information obtainable therefrom

therefrom should be tabulated and submitted in due course - The notice may be published in the Gazette and require the production of all Muchalikas on or before 31st May 18,

The Chief Secretary to the
Government of Mysore

Sir,

Adverting to Government Proceedings No. 1193 dated 26th March 1890, in re the Inamdars' claims to the Toddy Revenue, as evidenced by the old accounts and Records of the Division and District Offices, I have the honor to submit herewith a Memorandum explaining how far the temporary establishment entertained for the purpose of searching the old records have succeeded in collecting or obtaining the particulars required. One part of the order of the Government - viz that relating to the examination of the Sanads has not yet been carried out, which is unsatisfactory; Mr Thokkama Revenue Probationer, to whom I entrusted the preparation of the replies to your letter, failing to bring to my notice till the end of May that there was any difficulty ~~about~~ the matter.

The results of the examination of the old accounts as embodied in statements

A to F will show that out of the 159 villages contained in the statement, received with the Proceedings under reply, 115 villages have formerly enjoyed the right to the Toddy Revenue while under Government management (amani) in Krodhi (1844-45 Vide statement marked $\frac{B}{1}$). $\frac{B}{1}$ contains the names of 28 Inam villages which are not entered in the list received from the Dewan's Office as well as the 115 which are entered. These 28 villages also enjoyed the right to the Toddy Revenue in 1844-45.

3 List marked G contains 44 villages included in the Dewan's list, about whose right to the toddy revenue we have discovered nothing in the old records; but in the case of 7 of these, Mutchilikas have been executed by the contractors, Edwards & Co, Taylor & Love acknowledging their right to Toddy revenue.

In some other cases also have known &c &c

4 All these samads must, however, be obtained and gone over before a final conclusion can be arrived at as regards these 44 villages. This will be done and a further report submitted very shortly.

5 The establishment temporarily entertained for the two months of April and May 1890 has cost Rs 130 out of Rs 200

sanctioned. I was prepared to recommend Rs 50/ as a premium to Mr Hockkanna, to whom I gave over the supervision of the work, and he seemed to set about it keenly but as he has only partially completed it, the amount will be kept for the establishment which still has to be retained.

I have the honor to be,

D.D. 12 67 - 3 Despatch Commissioner's Office dated Mysore 11th June 1890.

Memorandum

I. In answer to the questions put by the Dewan in his minute, I have the honor to state as follows:-

1st Qn. The amani system appears to have come to a close by the end of July 1862 and the first contract was granted in August 1862. For some time previous to the District Contract, about 1840, there seems to have been a Talukwar and villagewar contract replaced by the amani system which lasted till the end of July 1862 and was in turn replaced by the Districtwar Contract in August 1862. This fact may be gathered from:-

1 The accounts of the amani system from May to end of July 1862.

2. A copy of the circular issued by Captain Hay to the effect that as Messrs Edwards and Co. had obtained the contract in August 1862 the charge of that item of revenue should be handed over to them.

2d Qn.

1. Messrs Edwards and Co. seem to

have obtained the first Contract from August 1862 to 1867 for 5 years which was later on extended to the end of August 1868, as per Circular no 107 dated 11th August 1865.

2. The Contract appears to have next been granted to Arunachalam Muddiar, Veerapille, members of the same Company, from September 1868 to end of March 1870 as per Rubkari $\frac{504}{544}$ dated 6th November 1868.

3. The next Contractors, from April 1870 to end of March 1875, were Messrs Captain A.K. Taylor and Co as per Chief Commissioners letter no $\frac{5893}{907}$ dated 1st March 1870.

4. From April 1875 to end of March 1880 the Contract was given to Messrs Brown and Auchmuty Sett as per letter no 1434 dated 13th March 1875 - But it seems to have been annulled on the 15th May 1879 and a fresh one was given from that day to end of March 1881 to Messrs Smith, Pampanna, Vanie-Gowda and Co as per Circular no 31 dated 12th May 1879

5. The Contractors from April 1881 to the end of March 1890 were Messrs Davey Irmoddappa and Co as per Govt. no 136 dated 17 January 1881, and the Gazette notification published in no 9 of the same month and year.

The following papers connected with the subject have also been separately filed and copies made of them as well as those above quoted which will be forwarded, if needed.

C Copies needed and forwarded

C 1. Circular no 106 dated 7th November 1864.
2. Secretary's letter no 3446/73 dated 16-12-64
D 3. Dirn Supts letter no 11 of 30th May 1864.
E 4 Circular no 6 dated 1st March 1870.
F 5. do no 7 dated 29th do do
G 6. do no 390 dated 8th do 1875
H 7. do no 371 dated 13th do do.
I 8. do no 29 dated 28th June 1881.

Qn 3. There is no reference forthcoming as to the Inamdars having been paid by the Government the amounts due to them by the Contractors. On the other hand the Inamdars have always received their dues direct from the Contractors. The amounts paid by them may be seen from the statements marked A

and furnished by the Contractor Muddappa.

marked A1, A2

Two statements are furnished, of which no 1 is from 1870 to 75 and contains payments made by Messrs D. N. Taylor and Co, and no 2 is from 1881 to 1890 and contains payments made by Messrs Davy Muddappa and Co. No accounts are forthcoming for the payments made during the other terms of Contract. The Contractor writes to say that he has not got any pattas for the years 1864 to 1870 and 1875 to 1881. In order to verify the payments payable to the Inamdars they were asked to submit copies of Muchalikas given them by the Contractors. But all the Muchalikas have not yet been produced. Of those sent in they are not all complete and continuous from 1864 to 1890. In fact the only Inamdar that has furnished a complete set is Sanjeeva Aniniyachar [illegible] Amildars. Reports too called Amildars have not

all been received and a letter has been received from the Palace Comptroller saying that there no muteahlikas relating to the Inam villages of Balé Aro and Gobadagé Aro.

Qr. 4. On a search being made in the old records, it appears that the abkary revenue was under Amani from 1842-43 to September 1845-46. After that time permission was given to the Inamdars to rent out their villages, or otherwise manage the item of Abkary revenue, as per Circular no 3 dated 11th September 1845 issued by Captain Montegomery Division Superintendent. The income of each Inamdar during the Amani System will be seen in the 5th Column of the statement herewith submitted marked B/1. Another statement marked B/2 is also sent up which shows how the item in the 5th Column of the statement B/1 is arrived at. As the Government who worked the "Bab". derived a gain

from the item they allowed a percentage to the Iraindars which added to the amount found as being the average for the 5 years previous to the amani system, the amount produced as mentioned in the 5th Column of statement B/1. These particulars are found in B/2. separate statements are prepared showing 1, the amounts in part or whole, of the said amount fixed as due to the Iraindar paid to the said Iraindar and marked C which no 1 is for a period of 7 years and no 2 Visravasu 1845-46 till September 14, when by a Circular the toddy bar was permitted to be worked independently by the Iraindars. It is often very difficult to find out the separate income of the Iraindars from the two items viz rent for toddy shops in the Iraiu villages and the contract amount for the "Shendi" drawn from their groves. A statement is submitted marked D from which it will appear how much each

Inamdar is entitled to get for his toddy groves and how much for his shops wherever it is possible to give any information on the point. Wherever not possible the items have been entered as general revenue. The accounts of the villages are not continuous. Some have been found for one or two years while some others for a longer period of time - All the villages have not got their accounts for the same year. In the accounts of some villages pertain to one year while those of another village refer to another year. It must be noted here that as the generality of the accounts were in Maharatti and as there was only one hand in the Record department conversant with it, much time was taken up in translating the accounts into Canarese.

II. The question whether alienation of the toddy rights has been expressly made to the Inamdars may be answered from a reference to statement I. There it will appear that in

o In some cases the alienation is stated to be expressed in the Sanad, - whereas in others no express alienation has been made, but there is an entry under the heading being that is the total money value of the Inam including all the 5 items of Panchabab Revenue - This matter had once been settled by the Builders and this statement is a copy of the same. To verify it the Sanads were called for but have not yet been received.

III. As for examining the correspondence regarding disputes between Contractors and Inamdar prior to 1870, search was made for separate bundles of disputes. None such were found, whereupon the registers of those years were looked into where entries were found of slight disputes regarding non payment, partial payment or delay in payment of the money due - A statement of all such is herewith sub-

IV. A statement is herewith submitted marked I, in which the amounts due by the Iraindars as settled by the Taluk accounts in 1842 are written side by side with the annual amount mentioned in the statement forwarded with the Dewan's minute.

Another statement is being prepared in which all entries from the Muchalikas called for and produced by the Iraindars are entered. The Muchalikas have not all been received. The statement is still incomplete and will be forwarded as soon as it is finished.

A statement was found in diaf in the records for years 1887-88 and 1888-89 which is likely to prove useful and for the contents of which the contractors are responsible This statement gives out the no: of shops in each village and the no: of trees. It is forwarded in original for kind perusal and return after use.

A.Q.12-87-4 Memorandum

I. In answer to the questions put by the Dewan in his minute, I have the honour to state, as follows:—

1st Qn The Amani system appears to have come to a close by the end of July 1862, and the first contract was granted in August 1862. For some time previous to the District contract, about 184 there seems to have been a Taluk war, and villagewar contract replaced by the Amani system which lasted till the end of July 1862, and was in turn replaced by the Districtwar, contract

in August 1862. This fact may
be gathered from:—

1. The accounts of the Amani
-oysters from May to end of
July 1862—

2 A copy of the circular is-
sued by Captain Hay to the
effect that, as Messrs Edwards
and Co had obtained the
contract in August 1862 the
charge of that item of revenue
should be handed over to
them.

5. The contractors from April 1881 to the end of March 1890 were Messrs Davy Muddappa & Co. as per circular No. 136 dated 17th January 1881 & the Gazette Notification published in No. 9 of the same month and year.

the contractors. The amounts paid by them may be seen from the statements marked A and furnished by the Contractor Mudappa.

District officer should verify with reference to his accounts.

Two statements are furnished of which No 1 is from 1870 to 75 and contains payments made by Messrs R. B. Taylor and Co, and No 2 is from 1881 to 1890 and contains payments made by Messrs Davy Mudappa and Co. No accounts are forthcoming for the payments made during the other terms of contract. Sir,

In continuation of this office No 291 dated 4th June last, anent the investigation of the Inamdars' rights to the toddy revenues of their respective Inam villages, I have the honor to forward herewith a statement* submitted by Mr. Chokkanna, Revenue Probationer, whom I deputed to examine the Sanads of the Inamdars with reference to their Toddy grants.

*: See last for the Sec: No 2. 2-6-22.

2. It will be seen that even where the 'Shendy' is not expressly mentioned it is frequently included by the general grant going on to say "and we allow so and so and the produce of everything". In fact altho' Sandal is sometimes expressly included or excluded 'Shendy' is frequently never mentioned. But I think that it has always been understood to be one of the Inamdars' rights.

This Statement has already been submitted to the Chief Secretary Vide this office Ro: 74 dated 5th September 1890.

A statement is appended showing the amounts awarded both by the late Deputy Commissioner and by Government on appeal in 17 out of 24 cases mentioned in the last received with Govt Order Camp Ro: 1193 dated 26 March 1890.

It should however be noted that order Camp Ro: distinctly states that the amounts laid down in the order are amounts "pending final adjustment hereafter." It is not stated whether interest should be paid in addition to these amounts. The favor of orders in this point is requested as funds are not available to pay up all the claims. The Statement shows the payments hitherto made

Amildar
Coriapatna Taluk.

On receipt of letter No. 29 dated
10th May 1864 from the Abkari con-
tractors of the Astagram Div., pray-
ing that as the item of Todi of the
godi, kayemgutta and Sarvamam-
gani villages in this division is
included in their Anchalika —
Sanctioned by the Commissioner
this item may be made over to them
at Punchasal average and that
orders may be issued to the Amildar
to make over the Bab to them, and
stating

stating that, if the item be not so made over to them they would be put to much loss. the records connected with this subject have been perused. It appears from the Secretary's letter No. 3446/73 dd 16th December last that the Commissioner has approved of the proposal made in the Muchalika that the item of Toddy Revenue of the godi, kayemgutta and Suvvamanya villages should be made over to the contractors at Panchasala average or at the revenue derived last year and that the godi, kayemgutta and Suvvamanyadoors should not lease out this item to others, You are therefore requested to see that the ryots of Suvvamanya villages do not sell Toddy as they like and to direct all the godi,

Kayemgutta.

Kayemgutta and Sowmanayadars of the villages the toddy revenue of which was hitherto being enjoyed by them without being credited to Govt, to lease out this item to the Abkari Contractors of the Division at either of the aforesaid alternative proposal as they chose, and to receive the Dzara amounts from the contractors at the proper times. This procedure should be properly enforced

The Amildar of the
Pariapatna Taluq.

As the Chief Commissioner in his letter No. 5893/909 of the 1st March of the current year directs that the Abkari contract of the Division be given to Capt R. N. Tailor of Marcara for a period of 5 years, viz, from the 1st April 1870 to the close of March 1875, this fact should be duly notified to the Hobli, and village officials, to Idijars who draw toddy and to the general public. The Jodi, Kayemgui and Sarvamanyandars (who enjoy Toddy revenue as per Sannads) should be directed to lease out the Bab to the said contractor for a less sum and take proper Muchalikas from him in as much as the Toddy farm for the whole Divis

has been leased out to him for a sum less than the contract amount of the last year. Care should be taken that they do not lease out the "Bab" to a second party and that they do not draw toddy themselves and sell it. If they infringe this rule, their procedure should be stopped at once, and the matter reported to the Deputy Superintendent.

Superintendent

Translation of the order issued from the Srikakulam Ashlagram Division to the Amil of the Periyapatam Taluk in the month of Ashadha of the year "Dundubhi".

A.Q.12-87-6.

As the Arrack, Opium, Toddy & Ganja farms of the whole Ashlagram Division have been taken out on contract by Messrs Edward & Co. for a period of 3 years from August next, under orders from the Commissioner, the revenue from these items has to be credited to Govt up to the end of July. The said Babs or items will have to be transferred to the said Company thereafter. A statement should, therefore, be prepared in the accompanying form & submitted to this Office within 10 days.

2 As the item "Opium" was not included in the "Pancha Bab," the public were, hitherto, in the habit of selling Opium as they liked. This practice should be discontinued from 1st August. The Contractors will sell Opium like Ganja. If any one else sells Opium he shall be liable to punishment. This fact should be now made known to the public by usual Dandoras.

3 As the tax called "Shendi pete canadayam" appears to have been introduced not from the commencement but from the time the Amani system came to force, for the purpose of settlement

of accounts with the shop keepers and as this tax 13½ 13½
is not a land assessment but is called the price
of Toddy, it should not be levied hereafter —
but should be left to the option of the Contractors.
As the "Dukan gutta" has been fixed for the
current year, the said "pete candayem" should be abolished from May 1863.
4 Although the farm has been leased out for the whole
division from August next, yet it has been settled
that the Contractors should conform to the terms of the
Darkhasts already accepted by Govt for the current year.
It should, therefore, be remarked in the Muteahlikas
concerned that the income for the months of May to July
has been credited to Govt. These Muteahlikas & the
Security bonds should be made over to the Contractors
or their authorized agent on the 1st August next and
the shop keepers should also be directed to remain under
the orders of the Contractors. The amount that may fall
in arrears up to July should be collected in full &
remitted to the Treasury within August.
5 The quantities of Arrack & Ganja that may remain in
stock on the morning of the 1st August together with
casks & other articles which the Contractors may wish to
purchase, should be made over to them & a receipt
obtained from them for the original cost thereof. This
receipt should be forwarded to this Office. If the Contractors
pay up such cost, a receipt should be given them for
the amount received & a remark made to that effect
in the receipt obtained from them as aforesaid. If they
do not pay such cost, the matter should be reported to this Office.

6 The Arrack & Toddy shops were hitherto exempted from Mohatarfa tax, but such exemption cannot be allowed hereafter. Hence, these shops should be taxed like petty shops.

7 If any Darkhasts be received for lands containing date trees, the matter should be reported & the Darkhasts sent up.

8. As the tax on "Jaggery Ovens" pertains to the Toddy revenue, the owners of such Ovens are at liberty to pay the tax to the Contractors at the rates already fixed or to make any other arrangement with them. A reasonable professional tax will have to be hereafter imposed on them. They should be informed of this & arrangements made for the imposition of ~~each~~ Mohatarfa tax from the next year.

9 The tax called "Chyákara" seems to have been imposed on the sale of other articles in the Toddy shops. Tax should be imposed on such shops at a rate higher than that imposed on ordinary Shendi shops, but such tax need not be entered in the accounts as "Chyákara"

10 The amount of contract of date leaves for making mats & the sale proceeds of dried Shendi trees which are hitherto being included in the pancha Bab revenue, should be hereafter credited to "Sivoy jama" or Rev. Dis. the contractors having no claim to the same.

11 The system of the levy of Candayam in the case of Mahua & Bagini trees should continue, but the Candayam should be collected as hitherto by the

Taluk Authorities & paid to the Contractors, 134a
being obtained therefor from the latter.

Dt. Bhadrapada Sudha
Viswavasu year.

Ever since the Government undertook the management of the Toddy item of the Jodi Suvamonya and Koyemgutta villages attached to the Nanjangud Taluk, everything with regard to its sale, realizations & have been properly settled and placed on a better footing. As the inhabitants of some of the villages, have petitioned to the Circar, praying that the management of the said item should be left to their charge, Government has been pleased to issue orders as follows:—

1. That the Taluk authorities are hereby authorized to permit the said Inamdars in whose Inams mention is made

Concerning

concerning the right of selling Toddy to sell the same on their own responsibility from the 15th of September.

2. That the said authorities are to take such steps as to convince the Inamdars that they should not extract and sell more quantity than what is necessary for consumption in their villages and thus put the neighbouring Government villages to loss.

3. That they should also warn the Inamdars that they should sell Toddy at the same rate as obtains in the neighbouring Circar villages; in default of which they will be punished.

4. The Taluk authorities should not compel the Inamdars who have agreed to sell toddy at the rates prevailing in the adjacent villages, to sell in their Inam villages where the town rate is adopted viz: 5 pies a seer and thus put them to loss; and it must be brought to the notice of the Inamdars that if the people of a village where toddy is sold at 5 pies a seer, were to go to their (Inamdars') village or villages where it is sold at a less price, they would be made

to pay the high rate viz: 5 pies a seer.

5. If the right of selling toddy is mentioned in the Sannad and if there are no Shendi trees in the village Shendi may be given them for sale in their village from the Circar grove at the actual Circar rate.

6. If in a small inam village where there are large toddy groves, where there are very few people to draw and Consequently the sale is scanty, and if any other Circar village stand in need of the supply, the Govt. with the Consent of the Inamdars may buy toddy at the market rate of that place and sell the same in the Circar village.

7. The Inamdars in whose Sannads the right to sell arrack is mentioned, are allowed to sell the same in their villages by purchasing it in the Taluk Cutcherry at the rate of Rs 0-2-4 a bottle, and to sell the same not less than Rs 0-9-4 a bottle; & that they should not be permitted to bring arrack from other places.

8. The Taluk authorities are directed

directed to be very Careful lest want of Supervision on their part, deception practiced by the Tuandars, will be-come quite manifest from from the Sales of arrack in their Tuan villages, from (Alum Jhadti) or Khaneshumare account and from the Sales of the same in the neigh-bouring Circar villages.

9. All the Hookoms and Yadasts issued from the Hoozoor in regard to the management, Collection &c. of the toddy item, since it was brought under the management of Government, may be brought to the notice of the Tuandars for their in-formation and guidance and thus give no room for Complaint of any Kind by the Tuandars.

10. A list giving the particulars of the villages where toddy &c. are sold in the Taluk has been Compiled and the same is herein enclosed for information; and it is hoped that the directions therein given will be

A.Q.12-87-7.

The following papers on the subject of arrears of toddy revenue due from Messrs Davy Moodappa & Co and R.C. Moodappa & Co for the years 1881 to 1892:-

fair draft
subt to 2 d/fr
Ld
13/6/07

Letter No. 387 dated 14th Sept. from the Dy Comr Mysore D.

Correspondence ending in letter No. 5647/315 dated 27th April 19

Order thereon:- 10063-4
Rev F 223. 92.9.

The papers relate to the balance of toddy revenue due from the Abkari Contractors for 1881 to 1892, the major portion of it being due to several shanadars

The Dy Comr Mysore District in his letter read above, reports that, according to the accounts of his office, the amounts due from each of the two firms that held the contract during the years

from Davy Moodappah & Co. Rs 150347
(1881-82 to 1886-87)
from R.C. Moodappa & Co (1887-88 to 91-92) Rs 15-466-

14/6/07

14/6/07

It was also stated that a sum of Rs 5343-2-8 ~~which was~~ received on account of Davy Moodappa & Co's dues was on the representation of R.C. Moodappa (who was a member of both the firms) utilized towards the payment of the money due to Chandars by R.C. Moodappa & Co. The Excise Commissioner is of opinion that, as the amount in question was received from Chikka Mallaiah a member of the firm of Davy Moodappah & Co with the express object of being utilized for the liquidation of arrears due from that firm, it should in justice have been credited in the account against Davy Moodappa and Co. Chikmallaya being dead, his brother Hotte Ranganna has complained that the application of this amount towards the liquidation of sums due by the later firm is unjust. Without prejudice to the rights of the members of the two firms as between themselves the Government are on the whole disposed to accept this contention supported as it is, by the Excise Commissioner's opinion and direct that this amount be transferred to the balance-

balance due from R. C. Moodappa & Co.

The proper amounts due from each firm would then stand as follows:-

	Rs.	Rs.
Davy Moodappah & Co.	15034-13-10 − 5343-2-8	9691-11-2
R. C. Moodappah & Co.	15444-1-9 + 5343-2-8	20787-4-5

Of these balances again, a sum of Rs. 10,897-13-5 was reported to have been subsequently recovered from R. C. Moodappa & Co, thus leaving against that Company a balance of Rs. 9889-7-0 only.

The Deputy Commissioner further states that of the interest of Rs. 8305-8-10 paid by R. C. Moodappa & Co on overdue instalments, Rs remitted as contemplated in para 5 of Government Proceedings No. 3463-5 R.F.B. 92 of the 25th August 1894, steps will have to be taken for the recovery of the remaining balance viz:- (Rs 9889-7-0 − Rs 8305-8-10) Rs 1583-14-2 from that firm.

Before passing final orders in the matter of the interest referred to, Government direct that steps be taken by the Dy Comr to collect the marginally noted sums due from each firm and the result reported at an early date.

Davy Moodappa & Co. . . . Rs 9691-11-2.
R. C. Moodappa & Co. . . Rs. 1583-14-2.

mentioned in the above Sch. are all entitled to Today Rice under the Samad. I am most doubtful whether any Samads granted to Jagirdars or Khangeni pattadars gave them this right & Even in the case of Sirkar Amendments the question has to be carefully investigated.

6. A lump sum grant of Rs 200 is placed at the disposal of Govt. District Court in order to enable him to entertain and hear the more ready Collection of Imps as above

6- The Imps as above will be got ready by the End of May, and points on which Imps may not be completed

sale of Toddy in such villages, where such info is forthcoming.

Information when the above points should be given as far as possible for each village & not merely for a group of many villages — Except perhaps the Golconda Jaghire.

The accounts & other records from which the above info is obtained should be ~~stated~~ stated. The Dist & Old Devn records should be most carefully searched by a Competent Official.

Chick Muddappa has promised to afford help. He has many gpas records which are likely to furnish valuable info & they should be carefully searched, a Competent Official being if necessary sent to C. Muddappa for the purpose — All Pattas Accounts & Inamdars & successive Contractors should be obtained from C. Muddappa regarding the Correspondence & disputes between Contractors & Inamdars before 18 should be examined.

It is doubtful whether the Inamdars
